

Foothills Bridal Showcase

February 19, 2012 1:00 to 4:00pm

Why Attend?

The Wedding Affair Showcase has been designed to showcase exhibitors and their highest potential to their target market. We pride ourselves in providing quality over quantity. Brides who attend our showcase are pre screened so that they understand the value in your service and product.

We believe in branding our showcase for an expectation of valued wedding professionals and quality brides. Our showcase also allows you to market your product and services to the bride in an interactive form. We know that if the bride can see, taste, feel and experience your product it will enhance your chances of booking a bride from the show.

Our resources of marketing produce phenomenal results for a successful showcase.
